Corn-Mad? Use "GETS-IT." It's Sure Mrs. Robert Johnson Died After Severs Weeks' Illness With Stomach Trouble.

Makes Corns Vanish Like Magic!

Don't Waste Time "Hollering." "GETS-IT." World's Simplest Corn-Cure, Never Fails.

Miss Ivilou McKay went to Hanover, N. H., hospital last Wednesday, where nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" salves, gouge corns out with knives, saip them with seissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT". There's nothing to do but apply two drops. The work is done, "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callous, wart or bunion. Be sure that you get "GETS-IT" and nothing lese.

Alonzo Taylor of Barre came last week to spend a short time at the home of his daughter, Mrs. George D. Lyford, in South Washington.

Titus H. Wilfore, who spent a few days at his home here, returned to his work at St. Johnsbury last Tuesday. Hay H. Dearborn made the return trip with him by auto and returned home later in the week.

paint. That's why practical painters use it.

It is analogous to that which some good people are very anxious to secure, the insertion of the name of God in the preamble to the constitution of the United States, and is subject to the same criticism which that attempt suggests, that if it is real it is not needed and if it is needed it is not real."

The character of the public schools of Vermont or of any other state represents the character of the community whose children they teach. If that community is religious in its tendencies its public schools will show the same tendencies; if the community is irreligious its lack of that quality will be found in its schools, and the mere reading of a few verses from the Bible will not change the character of the school. The counsel of Phillips Brooks is as safe a guide to-day as the day it was given: "When the nation is truly Christian.

the nation's schools will be Christian without any effort or the act of any school committee. Until that time shall come it is our task to make the secular school as lofty as its nature will allow and to do what we can to increase in the community that broad and unsectrian religious life which the schools cannot but feel and to which, when it becomes universal, they must submit themselves."
